

FACULTY OF COMPUTER INFORMATION SCIENCE

Faculty Mission

The mission of the Faculty of Computer Information Science (CIS) is to provide future-focused programs to prepare students for the dynamic information systems and technology sectors of the UAE. CIS graduates are 'T-shaped professionals' with industry-ready technical and managerial skills.

All HCT CIS program are continually monitored and reviewed to ensure that the skills students acquire in the classroom, and the resources they use, are at the cutting edge of technology and are industry appropriate. As a result, the HCT CIS graduates are in high demand from leading industry employers looking for talented people who have the technical, communication and team-working skills needed to enhance their businesses.

This exciting field provides excellent career prospects for graduates in the fields of education, government, private enterprise, internet development, database engineering, programming and other areas within the steadily growing communications industry.

Senior Staff

Associate Executive Dean

Dr. Nasser Nassiri
