

# EDUCATION

## Admission to Program

Admission to the program is explained in the HCT Admission Policy described in the Academic Policies section of this Catalog.

## Program Mission

The Bachelor of Education (Early Childhood) program produces future innovative educators who act as agents of change by applying new methodologies and paradigms in order to transform the delivery of instruction. Teaching practicum, learning by doing, and action research are the keystones of the curriculum, which ensures all graduates are highly employable, reflective practitioners able to apply theory and best practice within their own particular context.

## Program Description

The Bachelor of Education (Early Childhood) program aims to produce teachers for UAE schools. The program offers students one of the most rewarding careers and an opportunity to shape the future of their country. Prepared with up-to-date knowledge of educational theory, HCT education students develop and practice their teaching skills in UAE government and private school classrooms. This hands-on approach to learning gives students the teaching skills they need to excel in their future careers.

## Program Learning Outcomes

Graduates will be able to:

1. Demonstrate specialized factual and theoretical knowledge that underpins teaching and learning principles and concepts.
2. Demonstrate an understanding of how educational and related theories have evolved and are applied to research and teaching.
3. Demonstrate a variety of pedagogy, communication and technology skills required for teaching, learning and assessment processes.
4. Evaluate and implement effective research, teaching, learning and assessment strategies within diverse educational contexts and tasks.
5. Display leadership, effective classroom management, innovative teaching and learning that align to national values and social responsibility.
6. Function independently as a professional teacher in the variety of roles required in educational settings.
7. Display commitment to the profession through adherence to ethical standards, effective work and study skills, and engagement in continuous professional development.
