

LSS - SOCIAL SCIENCES (LSS)

LSS 1003 Life and Future Skills (2-2-3)

Introduces students to the concept of understanding and planning for an uncertain future using basic techniques of strategic future foresight and change management in a seminar-based learning environment. Students engage in interactive learning activities that increase awareness and develop critical and creative thinking skills to apply in their personal, professional, academic lives and responsibilities as a global citizen

LSS 1123 Basic Research Methods (2-2-3)

Introduces students to the process of scientific inquiry through applied research based on the scientific method and focusing on the mechanics of quantitative and qualitative data collection, analysis, and reporting.
