

FACULTY OF HEALTH SCIENCES

Faculty Mission

- To develop robust, pedagogically sound, nationally and internationally accredited curricula through collaboration internally and externally, partnering with industry and community, particularly in the medical and health sector
- To deliver learning and teaching programs that are technically and clinically evidence-based and research informed
- To be highly innovative in the continuous improvement of each program, sensitive to the health and medical industry and community requirements, and emerging future workforce demands

Senior Staff

Executive Dean

Dr. Veronique Boscart

Associate Executive Dean

Dr. Jason Powell
